Clean Out Kidney Poisons

Run On Your 15 Miles of Kidney Tubes
If you don't pass 3 pints a day of more than 3 pounds of matter, the 15 miles of kidney filters may become clogged with poisons and the danger of poisoning is greatly increased. Passages are difficult, which cause pain and burning and cause discomfort. If kidney functions are a danger, it may be the beginning of backache, leg pains, loss of energy, getting up nights, feet and ankles, rheumatic pains and dizziness. If people watch their bowels and void only 27 feet of intestines, they neglect the kidneys which are 15 miles of tiny tubes and clogged with poisons, it may mean you out and lay you up for months. Don't run any risk. Keep your kidneys empty 3 days.

Same Old Errors Bother Postmen Year After Year

Styles in letter paper and letter heads change as often as the weather, but people who write letters manage to be pretty consistent in making the same mistakes repeatedly, according to A. U. Unrapp, postmaster of mail at the Marion postoffice. The most common error found at the postoffice, and one which is really a violation of the postal regulations, is enclosing letters in packages. Mr. Unrapp says this violation has increased in recent months in direct proportion to the increase in the amount of mail handled at the postoffice here. "People make this mistake most frequently in returning packages or because the addressee has left long letters telling of needed and no indication of change of address," Mr. Unrapp said. The mistake also occurs when people put a few lines to friends or relatives to whom they are sending packages and do not consider these enclosures as letters. First class mail, according to regulations of the postal rules and regulations, embraces letters, postcards, and all other matter which is partly in writing or type writing. To avoid delay at the postoffice Mr. Unrapp recommends that all such first class matter be enclosed in an envelope and the envelope then attached to the package with glue or paste. Another frequent mistake made in enclosing letters in packages is placing the return address on the envelope months in advance of the time it is necessary to be enclosed in the package with the letter. The postal authorities to return the letter to the sender. Letters frequently in returning packages often must be returned to the sender to mail order houses and envelopes or because the addressee has left long letters telling of needed and no indication of change of address.

Protests from Lumber Men Virtually Nullify Conciliation Board's Work

By The Associated Press
PORTLAND, June 22.—Lumber men here and in other parts of the Pacific Northwest today virtually nullified the work of the United States Conciliation Board in its attempt to settle the long-running dispute between the labor union and the employers.

The board, which was organized by the federal government, had been working for several weeks to bring about a settlement of the dispute. It had held several conferences and had made many suggestions for a compromise. But the lumber men, who are represented by the United Brotherhood of Carpenters and Joiners of America, have refused to accept any of the board's proposals.

They have instead called for a general strike, which they expect to begin tomorrow. This move, if successful, would bring the lumber industry to a complete halt and would force the government to take more drastic action.

Man Wins \$1000 But Wife Gets Half and Divorce

By The Associated Press
ST. LOUIS, June 22.—A man who won \$1000 at craps at a local casino today found himself in a different kind of a losing game when his wife filed for divorce and asked for half of the winnings.

The man, whose name was not disclosed, had been playing craps for several hours and had won a large sum of money. He had then taken his wife to a restaurant and they had celebrated their victory. But when the man returned home, he found that his wife had filed for divorce and had asked for half of the winnings.

The court has set the case for trial next week. It is expected that the wife will win her case and will receive half of the winnings.

PLANNED SOCIAL CHANGE SUGGESTED BY ECONOMIST

Noted Chicago Prof. or Does Not Believe World Will Continue To Pun in Same Rut

By The Associated Press
CHICAGO, June 22.—A noted Chicago professor of economics today suggested that the world must undergo a planned social change if it is to avoid a future of continued poverty and suffering.

The professor, who is well-known for his radical views, said that the current economic system was based on a foundation of exploitation and that it must be replaced by a system of social justice.

He said that the world was in a state of "planned social change" and that it must undergo a complete transformation if it is to survive.

\$75,000 LIQUOR STILL UNCOVERED IN OHIO

10,000 Gallon Plant Seized Near Niles and Two Suspects Lodged in Jail

By The Associated Press
CINCINNATI, June 22.—A large quantity of liquor, valued at \$75,000, was uncovered today in a hidden storage plant near Niles, Ohio. Two suspects in the case have been arrested and are now in jail.

The plant, which was located in a remote area, was found by federal agents who were conducting a search for illegal liquor. They discovered 10,000 gallons of various types of liquor, including whiskey, brandy, and rum.

The two suspects, whose names were not disclosed, were arrested on charges of harboring the liquor and of participating in its distribution.

DUEL NO WORRY TO TENNIS ACE

Says He'll Not Let Paris Interfere Match in England

MAY SHOOT HIGH

Started Over Writer's Comments on Basque's Ending Wimbledon Tilt

The Associated Press, June 21—Jean Borotra, a French tennis player, said today that he would not permit his duel with Pauline Kuczynski to be interfered with by the Paris press.

JEAN BOROTRA, a French tennis player, said today that he would not permit his duel with Pauline Kuczynski to be interfered with by the Paris press.

One must fight as a point of honor, said Borotra, but I also am honor bound to play at Wimbledon and that must come first.

Friends of Borotra who are in London, including the tennis expert, said that the two men would meet in the air when they met.

Can't Be Avoided Now

These friends said the situation had reached a point where the duel could not be avoided and that in the event of fifty million French francs, nothing else would do.

The French code of honor must be fought within 48 hours of the time of the challenge.

Fenced Only 10 Times

I've only fenced about 10 times in 20 years, Borotra said. If I am my choice, I'll choose pistols, though I'm not much of a shot.

Today Is Deadline For Federal Loans

(Continued from Page One.)

Today is the deadline for the federal land bank and the bank commissioner. Since the federal land bank was established in 1933, the federal land bank has made 150 rural mortgages totaling \$549,721 in Marion county and the land bank commissioner making principally second mortgage loans on the same property, placed 136 loans totaling \$60,800.

Extender Period Ends

Today marks the end of a 30-day extender period added to the life of the corporation by the act of new applications to the federal land bank. The act of new applications to the federal land bank in the last 30 days have been added to the list of applications already on file.

4-H CLUB MEETS AT MAWER HOME

The 4-H club met at the home of Mrs. J. A. Maewer, 1110 E. Center St., last night. The club was organized by Mrs. Maewer and has since that time been meeting regularly. The club is composed of young women from the neighborhood and is interested in all phases of home economics, including sewing, cooking, and general housework. The meeting last night was held in the Maewer home and was attended by a large number of the club members. The club is very active and is doing much good work in the neighborhood.

Do you tire easily?

Sluggish, overworked blood
makes you feel weak—
mentally dull.

SSS. Tonic brings vitality and tone to the whole body.

BODILY WEAKNESS is only one
of the many symptoms of a low
red blood-cell count. Loss of appetite,
dermatitis, nervousness and like
conditions are often due to this
one underlying cause.
The red blood-cells must be up to
normal and vigorous to keep the
system and to help supply the body
with fresh oxygen-energy in its
circulation through the body of over 200
trillion cells.
SSS Tonic. In the absence of any
other cause, should help you get
the vital red blood-cells back up to
normal. It will make you enjoy your
food and help your digestion. It is
a scientific medicine. 108 years of
success. Just try it and you too may
soon feel like yourself again. Insist
on SSS Tonic in the blood red cell
phone wrapped package. The larger
size is sufficient for two weeks' treat-
ment—and is more economical too.

AT THE X-70 PUMP

SAVING P.L.E.N.T.Y ON X-70's NEW LONG MILEAGE

● Triple-Distilled to give you Long Mileage. Depends plus a bonus of greater developed horsepower, swifter acceleration, higher top-speed. **ALL AT THE PRICE OF "REGULAR!"**

Distilled ONCE
Distilled TWICE the old X-70
Distilled THREE TIMES New X-70

All over Ohio folks are finding extra money in their budget these days—because Triple Distilled X-70 is cutting driving costs with its new longer mileage.

Too frequently during recent years, gasolines have been improved on anti knock, acceleration, volatility at a sacrifice of long mileage.

Now, thanks to Triple Distillation, more usable energy can be concentrated in each gallon of the NEW X-70 without any sacrifice on other qualities.

On the contrary, this extra energy inserted into what was already the finest regular gasoline in the State, means not only longer mileage, but swifter pick-up, higher cruising speed, more hill climbing power than you've ever had before. All yours—at the price of regular!

Mill Around in Narrow Selective Buying Noticed

The Associated Press.
NEW YORK, June 27.—Tax troubles over the selective buying act have been noticed by many of the nation's leading business men. The act, which is designed to conserve the production of goods for the war effort, has been criticized by many business leaders as being too restrictive and as being a burden on the economy.
